ARTISTIC PICTURE MOSAICS

Our unique custom made picture mosaics are the perfect gift!

Our picture mosaics can be mounted and used as a signin board at various affairs such as weddings, Bar/Bat Mitzvahs, Sweet 16's, Anniversaries, etc. They are also a perfect gift for a one year Anniversary (the Paper Anniversary), Father's Day, Mother's Day, Birthday's, Christmas, etc.

A Picture Mosaic is a group of small pictures (cells) arranged in such a way to create a larger picture (source). We create your Picture Mosaic by using pictures that you provide (cells and source). When creating a Picture Mosaic, each cell is analyzed and is optimally placed into the source as to closely match colors and shapes of the source.

It is suggested that you send us between 80 and 300 images to create your mosaic.

If your cells are already digitalized on your computer, you may send them to us on a CD. If your pictures aren't digitalized, you may send them to us, and we will digitize them for you for a \$30 digitization fee.

If you send digital images there is no limit to the amount of pictures you send.

If you send hardcopy pictures there is a 300 image maximum.
